Declaration by Licensee

I declare that the information contained in this application is a true record of my past management practices for the period specified and a true description of my intended management over the next 12 months. I understand that confidential information held by BioGro NZ Ltd may be disclosed to BioGro's accreditation bodies, or if it is required to do so by law. If disclosure is a legal requirement, you will be informed of such disclosure.

Signed: _____ **Date:** _____

Name: _____ **Position:** _____

Section 2 – New Operation Details

1. Map. A map of your whole property will be required at application. The map will need to show all crops, e.g. orchard, pasture, crops, bush etc, it will also need to show any new plantings and or ponds on the property. The map can be updated as the property changes.

2. Area of the Property

Area of the whole property: _____ ha

Area which is going to be converted to organic: _____ ha

3. Partial Certification:

Is part of this property conventional or do you own other properties that are conventional at this stage?

YES NO

4. Parallel Production:

On this or on other properties, do you produce the same product which will be sold with different certification status? (eg organic and conventional apples)

YES NO

5. Sub-Licensees:

Do you contract any outside operators to handle (other than transport) certified products such as washing, packing or further processing (of crops, livestock products, etc) while you retain ownership?

YES NO

6. Contractors:

Do you use contractors on your certified area? E.g. for cultivation, fertiliser spreading, spraying, harvesting.

YES NO

7. Property ownership

Who had ownership and management over the property during the last two years?

8. Last prohibited Input

Complete the **Affidavit** in Appendix 1 for the Last Prohibited Input – that is, the last use of inputs prohibited under the BioGro New Zealand Organic Standards. This will need to be signed by the previous owner/manager if the last input was during the time when you did not have management over the property.

9. BioGro registration date

BioGro registration start date being applied for _____

10. Soil tests

A soil test, including organic matter, and a soil multi-residue test (including DDT) is required for all properties with your application.

If a multi-residue or DDT test has not been completed by the time of your audit, it can be completed after the audit. Please discuss with your auditor.

All soil and multi-residue testing must be undertaken by an ISO 17025 accredited laboratory.

BioGro New Zealand
